

8:00 - 8:30 - Welcome -

Log in to Virtually225.com

Introduce yourself on [Padlet](#).

- Name, School, Grade Level, Smart Board Status, what you hope to gain from the day, what in Outer Space sparks your joy?
- My requests - Please listen to whomever is speaking. Side talking is very distracting. There will be plenty of opportunities to talk.
- Sign up for [Smart Exchange](#) -You need to Join for Free, then VALIDATE with an email you will receive. We will search later.
- 5 Smart Board Tips video (video on [Virtual 225 Weebly](#))
- [Hidden Pictures](#) -
- [Jigsaw Planet](#) - (talk about strategies)
- Create a file on your desktop if you wish - **Smart 6/8/16** This is where you will save your stuff from today.

8:30 - 9:00 - Independent Study. Use your Manual. Random Name Picker. Pot of questions.

9:00 - 9:30 - Questions? Divide into 3 groups. We have represented today

- 4 Elementary Teachers
- 3 High School Teachers
- 2 Middle School Teachers
- 2 Math Teachers
- 1 Language Arts Teacher

- 1 Art Specialist
- 1 Special Ed. Teacher.

Each group of 3 will watch approximately 5 minutes of one of the 3 videos below. 5 minutes to watch video, 10 minutes to discuss, 10 minutes to present and 5 minutes for transition time. (30 Minutes)

1. [27 Smart Board Tips](#) - 9.24 - 10/11/11
2. [Tips, Tricks & Magic for the SB](#) - 4.26 - 2/11/14
3. [5 Cool & Easy Things with SB](#) - 10.07 - 5/7/13 (7 min)

9:30 - 10:00 - Smart Board Manual - Your new team is responsible to explore a given set of tools and then present and teach them to the class. Break into new teams.

Evaluation Form - **LATER GATOR!**

Homework : Submit a Notebook file with at least 4 pages. This lesson plan and Notebook file should be appropriate for your grade level and be useful in your classroom. Submit to me at

leslie.lewis@slcschools.org Deadline for this is August 31, 2016.

Your homework will be posted on the [SLEDTECH](#) website for other teachers to use.

Please include your name in the filenames. Please give your Notebook File and Lesson Plan a title such as, 5th Grade Circuits or 6th Grade Solar System. That will give me an indication of where to put it on the website.
